*What she likes best
is having a man bring
his tongue in for a
landing on her
select runway.*

SMOOTH LIZ

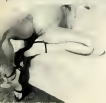

It is a smoother. All over. It wasn't always that way though. There was when, on again and on again, pants were might be viewed over the pants she liked to wear so low or the dresses she liked to wear so high. So she took an axe to it and chopped the forest down. Now, her clothing is a welcome watering hole for front-runners.

*Time was when an impish
pubic branch emerged
beneath her posture. . .*

NOT ENOUGH

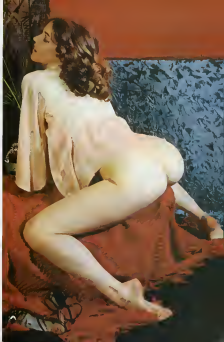

HOME COMING QUEEN

Sandy was a homecoming queen

These days, however, she is
the queen of come-at-home
or otherwise. She does it
as often as she can. Which
is almost constantly. And,
if there is no guy around to
get her off, she won't let
that stop her. What she likes
best is having a man bring
his tongue in for a landing
on her soft strip of a runway
